IEEE CSDE 2023

<ieee.csde@gmail.com>

to me

11:14 PM (3 minutes ago)

Paper ID: CSDE-847

Paper Title: Fake news detection using NLP

Author ID: 80

Dear Kaji Sadman Sakib,

IEEE CSDE 2023
04-06th December 2023, Shangir-La's Fijian Resort, Yanuca Island, Nadi, Fiji.
<https://ieee-csde.org/csde2023/>

Greetings from IEEE CSDE 2023!

Congratulations on the successful paper submission, and thank you for your hard work! We have received your paper for The 10th IEEE CSDE 2023, the Asia-Pacific Conference on Computer Science and Data Engineering 2023. Please allow some time to review your paper, which may include an additional review if needed. We will contact you shortly if we have any questions about your submission.

Upon accepting your paper, your paper in the IEEE CSDE 2023 proceedings will be available in the IEEE Xplore digital library. Along with publication in IEEE Xplore, IEEE assures wide distribution of conference proceedings by providing abstracting and indexing information of all individual conference papers to worldwide databases. IEEE makes every reasonable attempt to ensure that abstracts and index entries of content accepted into the program are included in databases provided by independent abstracting and indexing services. Each abstracting and indexing partner makes its own editorial decision on what content to include.

We want to hear from you! Please share with us via <ieee.csde@gmail.com> regarding your conference paper submission experience. We are dedicated to continuous improvement and offer our authors and guests the best-in-class conference service.

Best regards,
Associate Professor Anuradha Mathrani
Technical Program Chair
Massey University, New Zealand
